

# SPOTLIGHT

## CELEBRATING MILESTONES

Jayce is an energetic 2-year old boy who has the ability to absolutely light up any room that he is in. Whether he is using sign language, singing or telling you he is two, he is an absolute JOY to be around. Jayce also happens to have Down Syndrome. When the Brammer family got the diagnosis, the hospital guided them to the Early Intervention (EI) program at Lawrence County DD. Through the services provided through EI, they received not only support and hope for a great future, but the resources and game plan on how to get there. Jayce himself has loved the process as well. He looks forward to seeing Mary, the Development Specialist with Lawrence DD, and gets excited when he learns a new skill or grows in his abilities. The next chapter for Jayce is moving into Preschool. Jayce's mother, Julie, has said that even in that process, they have not been alone. EI has walked them through every step of that process so that they can feel confident moving Jayce into this next big step in life!

We are so proud of the accomplishments that Jayce has achieved so far and we know that his future is brighter because of the support and love provided by his family, his community and the services provided right here at Lawrence County DD.

## 155TH IRONTON-LAWRENCE COUNTY MEMORIAL DAY PARADE

We had an amazing time supporting our community and sharing who we are at Ironton's 155th Memorial Day Parade. This is a staple in our community each year and we were honored to have a float in the parade.

Thank you to all of the volunteers and staff members that helped make our participation possible and thank you to our community for including us on this incredible day!
